

Concrete Plant Operator Responsibilities

Basic Expectations of Smoky Hill leaders are...

- You are responsible for making every batch of concrete correctly
- You have full authority to make decisions and perform all concrete plant operations, record keeping, managing materials, and dealing with owners, engineers and the public.
- You must notify the Project Superintendent, or Project Manager at the first indication of a problem
- You are responsible for managing the assigned crew-usually drivers, loader operators and helpers
- Work with integrity, honesty and fairness towards the company, employees and owners
- Use good judgment to maintain Safety, Quality, Cost, Schedule and Reputation
- Treat all persons as you want to be treated
